I am Omar. I am twenty two years old. I studied marketing at Umm Al-Qura University in Makkah. When I graduated, I decided to learn a foreign language. I chose English because I heard many people around the world speak English, so I thought it would be useful. Khaled is my best friend, and he was studying abroad. He was a student at Melbourne University in Australia. He recommended that I study English there. Well, at first, I didn't really know which country to go to, but one day I saw a TV show about Melbourne. It looked like a great place to visit, so that's where I went! When I got to Melbourne, I was nervous because it was my first time abroad on my own. I was only there six months, but I learned a lot. Afterward, I went back to Saudi Arabia and immediately I started working for an advertising company in Jeddah. Studying abroad was an amazing opportunity to socialize and become friends with people from all over the world.
